As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and painful very much, but one good application of Pain Balm relieved me. For sale by the Tombstone Drug Store."

The new confectionery store at Fly's photograph gallery has opened for business and solicits the patronage of the public. A well selected stock of choice fresh candies including the best of the confectioner's art are to be found in the candy cases and sold at reasonable prices. Call and try a box.

My son has been troubled for years with chronic diarrhoea. Sometimes ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25-cent size he was cured. I give this testimonial, hoping some one similarly afflicted may read it and be benefited.—THOMAS C. BOWEN, Glencoe, O. T. F. O'Brien and John Williams were in today from Barrett. Mr. O'Brien states that the new 30 ton smelter of the Copper King Co. is now expected shortly, all grading and necessary arrangements for its reception having been made. Mr. Williams an experienced smelting man is to take charge of the smelting department and it is expected within a little time to have things in smooth running order.

About 5:30 o'clock this morning an unknown man was seen prowling about the residence of Ed Tarbell evidently with the intention of committing an incendiary or burglarizing the premises. Ed had just left home to look after the departing 6 o'clock stage and Mrs. Tarbell being alone screamed an alarm. Miss Ethel Robertson resides next door with her sisters, and at once came to the rescue. She came with a pistol. The marauder still remained defiant and in an instant a shot rang out. The effect was magical the intruder beating such a hasty retreat that nothing but a streak in the early dawn was left by the fleeing object. It was impossible to identify the man but the plucky action of Miss Robertson saved the day and she distinguished herself as a brave and courageous heroine.

An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, is a positive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

The West Baden, Ind. Journal is responsible for the following: Young men don't swear! There is no occasion for it outside of a printing office, where it is useful if the paper is behind time. It also comes in handy in proof reading and is indispensable when the ink works bad and the press begins to buck. It is sometimes brought in use when the foreman is mad, and it has been known to entirely remove that tired feeling of the editor when he looks over the paper after it is printed. Outside of a printing office it is a foolish habit.

Bismark's Iron Nerve

POINTED PARAGRAPHS

No man is a hero to his stenographer. Politics has two sides—the outside and the inside.

A man's size usually commands more respect than his age.

A spinster says she is sorry that she ever learned to say "No."

Steam may be a good servant, but it occasionally blows up its master.

When a man is disappointed in love it is usually in his love for money.

A man's judgment is apt to become warped if he follows his bent too frequently.

Don't wait until you execute your last will and testament to contribute to charity.

The honest criticism applied to others is a spiteful comment when applied to yourself.

Story of Slave

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This sure cure remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by the Tombstone Drug Store.

IN FAR-AWAY LANDS.

An English traveler declares that the least interesting country in the world to visit is Corea.

No emigrant is permitted to land in Western Australia who cannot correctly write out a given sentence.

The people of Brazil have learned to make all their own beer, and native breweries now supply nearly all the demand.

Murder is not considered a very great crime by the Parsees of India. According to their code, a murderer received 99 stripes on his bare back, while the man who neglects his dog receives 200 stripes.

There is a movement on foot among the Parsee community in India to give the members the option of burial in place of the customary method of exposing the dead to become the prey of vultures.

Output of the Klondike.

No one will ever know exactly how much gold was taken from the Klondike fields the past season. Since the government imposed a royalty, the miners have adopted all sorts of ruses to evade the law. It is rather difficult to dodge tax-s' but it is more difficult to dodge a bad cold and the grip at this time of year. When the system is weakened by such attacks, and the blood becomes thin and impoverished, the best medicine to take is Hostetter's Stomach Bitters. This remedy builds up the system. Besides regulating digestion, it overcomes constipation. It is good for the kidneys and liver, too, stimulating these organs into the proper performance of their function. Nothing is so good for malaria.

A love-lorn poet says it is better to have loved a short girl than never to have loved a tall.

Once in a great while you meet a man who believes the office seeks the man; and that he is the man.

Says a Boston girl: "It is an inconceivable actuality that the anticipatory avails appropriate the prematurely active vermicular specimen." She meant that the early bird catches the worm.—Chicago Daily News.

Every farmer knows that to kill weeds he must go to the roots. To cut the weed off on the surface, means that the weed is still left to grow. It's just that way with boils, ulcers, eruptions, pimples and similar diseases of the flesh. To cure them, you must go to the roots, down into the blood. Mere surface treatment never gets rid of the disease. It will come back at the first opportunity.

It is to its wonderful power in the purification of the blood that Doctor Pierce's Golden Medical Discovery owes many of its triumphs of healing. It cleanses the blood thoroughly, eliminating all the refuse matter and clearing out the waste and poisonous particles which clog the body and so foul the flesh. It eradicates from the blood the conditions which make disease possible. The result is that diseases die out like fires that are unfed.

There is no medicine for the blood which is "just as good" as "Golden Medical Discovery." Accept no substitute.

"I feel it my duty to write to you of the wonderful curative power of your Golden Medical Discovery," writes Geo. S. Henderson, Esq., of Denial, La. "I had a bad humor on my right ear, and my blood was badly out of order. I tried local doctors but with no good results. Finally, I wrote you the preceding day, and you advised your 'Golden Medical Discovery,' which I began to take. From the first bottle I began to feel better, and when I had taken right bottles the sore was healed up. I wish you success."

Free. On receipt of 21 one-cent stamps to pay expense of mailing only, Doctor Pierce's Common Sense Medical Adviser, 1008 pages, paper-bound, will be sent free. For cloth binding send 31 stamps to Dr. R. V. Pierce, Buffalo, N. Y.

HT'S DISEASE

Or Chronic Inflammation of the Kidneys is a very common ailment. Numbers of the best citizens have succumbed to its effects, even though under the most skillful medical treatment. Like all chronic diseases, the symptoms come on insidiously. If proper treatment is obtained in its early stages, Bright's Disease may be cured. HUYDAN will cure it if it is taken in time. HUYDAN will relieve you of all the symptoms. Do not delay too long. Don't wait until your case becomes incurable. You will then throw your money away on doctors and medicine.

Begin the use of HUYDAN now, while you may be cured.

THE EARLY SYMPTOMS ARE:

1. CHRONIC SICK OF NAUSEOUS HEADACHE—HUYDAN taken as directed will relieve the headache instantly.

2. PUFFINESS OF THE SKIN UNDER THE EYES, due to a collection of fluid in other words, HUYDAN will cause the extra amount of fluid to be taken up by the blood and eliminated by the kidneys.
